No one wins a war... it is humanity that always loses...

“Set in the backdrop of the ongoing Russia Ukraine war, this is a heroic story of one of the largest evacuations executed by the Indian Government under the leadership of PM Shri Narendra Modi. Our story is an engaging narrative of facts merged with well curated fictional characters to bring out the spirit and intent of “New Resurgent India” that is dominating world events like never before”

Operation AMG – The Ukraine Evacuation

"Set in the backdrop of the ongoing Russia Ukraine war this is a heroic story of one of the largest evacuations executed by the Indian Government under the leadership of PM Shri Narendra Modi"

On 24th Feb 2022 Russia invaded Ukraine and the world was thrown into chaos. Thousands of Indian students were stranded in the war-torn Ukraine. Their lives were at stake and with minimal resources around them they needed a miracle to survive. The parents of the students were also in anguish and were praying constantly for safety of their children.

Meanwhile, the Indian PM and his think tank were in the war room within minutes, closely gauging the situation. Ignoring the naysayers, India strategically maintained a neutral response but pressed home the need to initiate active peace negotiations between the warring nations. Within 48 hours our leadership rolled out "Operation Ganga" to bring home Indian students. A team of 4 responsible union ministers had been put together to lead the operation with logistical support from NSA chief Duval and the core team of PMO. The Indian Air Force would lead the operation along with top private airlines to provide all logistical support. Just when all seemed to be lost for the brave students who were finding means to escape from Ukraine the Indian PM used all possible pressure tactics, power and goodwill and pushed Ukraine into a corner clearing the way for a safe exit corridor for Indian students.

The Indian transport buses not only carried Indian students but Pakistanis, Bangladeshis, Sri Lankans and students of many nationalities. The Russian and Ukrainian forces paused their offensive for a few hours to allow the Indian buses to pass by...the only instance in history where two warring nations stopped their offensive for a third nation.

"Operation AMG" is an entertaining survival thriller that keeps you on the edge and also engages in a thought-provoking conversation about war and its repercussions. This remains one of the largest successful military evacuations pulled off by any country. Our government executed an almost impossible task of evacuating over 16500 Indian students and 147 foreign nationals from the war ridden Ukraine and our story is a celebration of this "New India" under its dynamic leadership.

"They say that the world is divided into two sections...ones who lead by example and ones who follow the leader...India lead by example"

US calls Russia a rogue nation

UK condemns invasion of Ukraine

France levies sanctions against Russia

India maintains a neutral stand and advocates dialogues & diplomacy.

'War brings out the best & the worst in mankind'

People of all communities became one to help each other survive.

India takes the onus of delegating a team to evacuate & bring its students & citizens home.

India launched 'Operation Ganga'
to evacuate stranded Indians in
Ukraine.

**Active political negotiation
to create an exit corridor
was initiated to ensure
safety of all Indians.**

A composite image featuring a road winding through a mountainous landscape. In the foreground, a white bus with the Indian national flag (saffron, white, and green) and the Ashoka Chakra is driving away. The road is flanked by several military tanks. In the background, there are large, snow-capped mountains under a blue sky with a few fighter jets flying. A dark blue rounded rectangle with white text is overlaid on the upper right portion of the image.

The Russian & Ukrainian forces de-escalated their offensive to allow Indian buses to cross borders. This is the only instance in History, where two warring nations stopped military engagement to respect India's credibility.

Aircrafts landed with rescued children,
uniting them with their anguished parents.
It was a moment that underlined the intent
of a “New Resurgent India”

16000 + Indians were brought home

147 Foreign Nationals were also rescued

84 + Flights were deployed for evacuation

4 Union Ministers, our External Affairs Minister,
& hundreds of support staff were involved in
Operation Ganga

The power of a nation is not judged by the number of soldiers it has...it is gauged by its resolve, determination and its responsibility towards its citizens.

The Indian flag went through a compelling journey to reach our Tiranga, which is a symbol of the largest democracy in the world.
